Applicant: Nakama
Appl. No.: 10/518,759
International Filing Date: December 26, 2003
Title: REMEDY FOR PEMPHIGOID
Attorney Docket No.: 58777.000017
Pub. No.: US 2006/0104947 A1
Pub. Date: January 22, 2004

This is a decision on the request for republication of patent application publication under 37 CFR 1.221(a), filed on July 28, 2006, for the above-identified application. The instant request is being treated as a request for republication, even though applicant's representative appears to be making arguments that there is a material Office error in the publication.

The request under 37 CFR 1.221(a) is DISMISSED.

Applicant requests that the application be republished.

On August 8, 2005, a Filing Receipt was mailed by the Office, which listed the assignment information as Daijichi Suntory Pharma Co., Ltd. and Maruho Co. Ltdl. To avoid this type of problem in the future, applicant's representative should make request a corrected filing receipt along with a supplemental application data sheet.

Assignment information must be provided with the application data sheet or transmittal letter to be included on the publication.¹

37 CFR 1.221(a) requires "a copy of the application in compliance with the Office electronic filing system requirements and be accompanied by the publication fee set forth in § 1.18(d) and the processing fee set forth in § 1.17(i)". If the request for republication does not comply with the electronic filing system requirements, the republication will not take place and the publication fee set forth in § 1.18(d) will be refunded. The processing fee will be retained.

¹ See Comment 59, Changes to Implement Eighteen-Month Publication of Patent Applications, 65 FR 57023, 57047 (Sept. 20, 2000), 1239 Off. Gaz. Pat. Office Notices 63, 84 (Oct. 10, 2000) (final rule).

The applicant did not supply a copy of the application in compliance with the Office electronic filing system, as required by 37 CFR 1.221(a). The publication fee and processing fee were not charged. The request for republication does not comply with the electronic filing system requirements, thus republication will not take place and the processing fee will be retained.

Any request for republication under 37 CFR 1.221(a), must be submitted via the EFS system, as a Pre-Grant publication submission.

Applicant's deposit account has not been charged.
